

Juniorit osaa! -coaching service

Do you have the skills, but not yet a professional degree? Or do you have a degree, but you are considering a new field of industry? Perhaps you are interested in some industry, but you might want to try out the jobs first before applying for study program! We offer you help, great ideas, and tips for finding an employer. We will support your journey throughout different stages of your job search process. You will get a personal career coach, who supports you in your job search journey. You can also participate in group coaching and take advantage of our online learning platform included in the service. The total duration of the service is a maximum of 6 months.

Content of Service

A personal coach will help you find a job, work experience, or a training place using our extensive business network. The service can also continue during a work trial or employment, in which case it is possible for you to complete a professional partial degree. The degree promotes and helps your future employment opportunities and helps you to complete entire degree.

How to apply?

The service is designed for people under 30 years of age. You can apply through your own Local government pilot on employment (Kuntakokeilu). Apply by messaging your own OMA-coach here: tepalvelut/omaasiointi.fi. After that, we will contact you and arrange our first meeting together.

Where?

The service takes place in the whole Pirkanmaa area of government pilot on employment (Kuntakokeilu). Meetings and group coaching will be arranged in your home city center area. The service also offers remote appointments by phone or video connection. The guidance channel will be choosed on basis of your wishes and needs.
